Rana Ehtisham Rabbani

Rana Ehtisham Rabbani is a man with every conceivable plus that can be imagined. A sportsman, a lawyer, an author and above all a peace activist with a passion for human well being, globally.

For his dedication and commitment to peace, he has earned the gratitude of thousands, not only in his home country, Pakistan but also in Bangladesh, Japan,

India, South Africa, Europe and US.

Whereas others spend a fortune to be recognised and known to public, he has no worries on the score. He is not beholden to anyone, is financially independent and untainted in any way.

He always finds the courage to speak his mind and in the process effectively spreads the message of peace and humanity. The focus is on humanity and safety of mankind. And for him the future lies in removing all barriers and boundaries of faith, religion, geographical divide with discrimination out and eliminated. By avoiding the armchair approach and instead acting more through interaction nationally and internationally, he has managed to get his message across. He speaks through knowledge, by word and by pen and his publications include 1.5 million pamphlets and five books. International forums like United Nations is a place he remain associated with. He strongly believes that peace will ultimately prevail and the did to tumult and flames and torches of pain will be crushed. His thoughts are adequately summed up in one of his quotes:

O, Humankind - Love thyself

Love others too - Love will return to you

Love begets peace - The best virtue

Victim of Immaturity: Humanity?

We, the humanity
Have failed to resolve our disputes
Through mutual dialogues, negotiations
Failed to stop negative research
On nukes and lethal weapons all kinds
Failed to eliminate Nuclear Weapons
Failed to control
Manufacturing, trading and use of weapons
Failed to prevent supply of weapons to terrorist
Failed to identify terrorism
Failed to impose sanctions to facilitators of terrorist
Failed to stop violence, rape, abuse of children, innocent killings
We have also failed
To raise literacy rate
To overcome disparities
To overcome negative norms --
Prejudice, Hatred, Injustice, Inequality
To create harmonious environment among humanity
To share happiness collectively
On festive days of all among all
We failed to create an international forum
With all equals without veto
Failed to follow the principles of collective wisdom
Failed to evolve
Just economic, and social system
Where everyone can live with
Respect, honour and dignity
Let all live in peace.

Humanity and Maturity

We, the humanity do not lack maturity!
Trapped in negative norms and phenomena
Egoism, Arrogance, hate and greed
Power, riches and wealth
All these prevent us
To think and act on positive links
We, intentionally are not ready
To change negative mind set
Instead follow the dogmatic
Trend set by predecessors
Which are being transferred
From generation to generation
With the innovations in interconnectivity
There is a ray of hope
Humanity to undo the label of immaturity
Should follow the positive path

Few Questions to Humanity

1. Do you carry feelings, behaviour of hatred for an other person on the basis of colour, caste, clan, tribe, profession institution, region, nationality, faith and religion?
2. Would you like the same treatment, behaviour of hatred for your own self by another person belonging to different caste colour, caste, clan, tribe, profession institution, region, nationality, faith and religion?
3. Do you have feelings, spirit of love for another person as human beings like you are?
4. Do you believe in love for all human beings on earth as you would wish for yourself ?
5. Do you think physically human beings are the same everywhere over the globe?
6. Do you think human beings are above barriers and boundaries?
7. Do you believe in oneness of humanity?
8. Should we share resources on earth among all in all aspects of life?

Love for all - Peace for all

Criteria of Super Power

Super Power is known to have an arsenal of most sophisticated lethal, destructive, devastative, killing weapons.

Power is energy which can be used for positive as well as negative purpose.

Power used for negative ends can never be a means of pride for any individual or a nation. It is rather a source for creating for among humanity.

-----O-----

Transparency, Future of the World

Revolutionary innovations in the field of interconnectivity and fast flow of information reflect that awareness of oneness of humanity is rising at a greater speech. It is presumed that principle of transparency will be applied in the working affairs of all the institutions of a nation including working of UN. Furthermore principle of collective wisdom will prevail all over the globe, UNO will be free of VETO.

Real Identity

The personal identity of a person being a human being is the real identity of every living person on Earth. Rest all are secondary identities, caste, clan, tribe, nation, profession, region, faith, religion. Human being is the symbol of positivity. Kindness, truth, justice, knowledge, honesty, empathy, compassion, love, care, respect, trust, forbearance, tolerance, equality, negative norms, leads to monstrosity.

Who will hear the Cries

When an act of violence is submitted on any innocent human being, children, men and women,
Who will hear the cries of victim?

God created human being, blessed with wisdom to look after affairs of human life on earth. All institutions, organizations, departments are established to protect from crimes and ensure safety and security of human beings.

A Common Objective

Peace for all on earth in all respects of life

Peace, not only for people living in particular nation

Peace is a common goal of all

Peace for people living in all nations, regardless

Prosperity of all, happiness of all

Above boundaries and barriers

Myth and dogma free

Greed and hate free

Social system for all

Virtue Over Shadowed

Foundations of all nations are laid down on virtue, positivity, well being of human beings.

But

Practically, humanity observe that nations are involved in conspiracies against each other, they have failed to resolve disputes through mutual dialogues. There is uncontrolled production, trade and use of arms and weapons. They are involved in capturing each other resources. There is rampant expectation through aids loans and debits by financial institution.

Unjust financial and economic system cause sufferings, destruction, misery of human beings.

Virtue, positive, wisdom seems over shadowed by agents of evil forces. Any one who is involved in harmful activities in any shape and kind against human beings are agents of evil. Fighting against evil at all level is a common goal of all nations alongwith UNO. Yet epidemic of evil is spreading in all parts of globe.

Evil forces create obstacle, hurdles, barriers in the normal path of journey humanity which ultimately effect the progress of humanity through evolutionary process.

Stages of Immaturity Relating Peace among Human beings

Since its beginning humanity is undergoing maturity, with variations which can be classified in different stages as follows:-

a. Primary Stage

Failure of human beings in resolution of issues, disputes through mutual dialogues, negotiations, mediations at individual as well as international levels. Escalate bitterness, enmity. Non-Resolution of disputes reflects lack of wisdom.

b. Secondary Stage

Preparation of war by country raising armed forces comprising hundred and thousand of soldiers, inventions and purchase of arms, weapons (killing machines). Global Military expenditure is approx: 1.7 trillion dollars per annum. Weapons and armament turn into scrap after every few years. Wastage of tax payer's money.

c. Extreme Stage

Fighting a war causes destruction, devastation and killing of innumerable innocent human beings, including women and children. Height of stupidity.

This phenomenon will persist if human beings continue to live under influence of negative norms such as prejudice, hatred, greed, arrogance, supremacy, hegemony.

Maturity can only be attained by following the positive norms. Truth, trust, honesty, justice, forbearance, empathy, compassion, equality, like.
